ACKNOWLEDGE

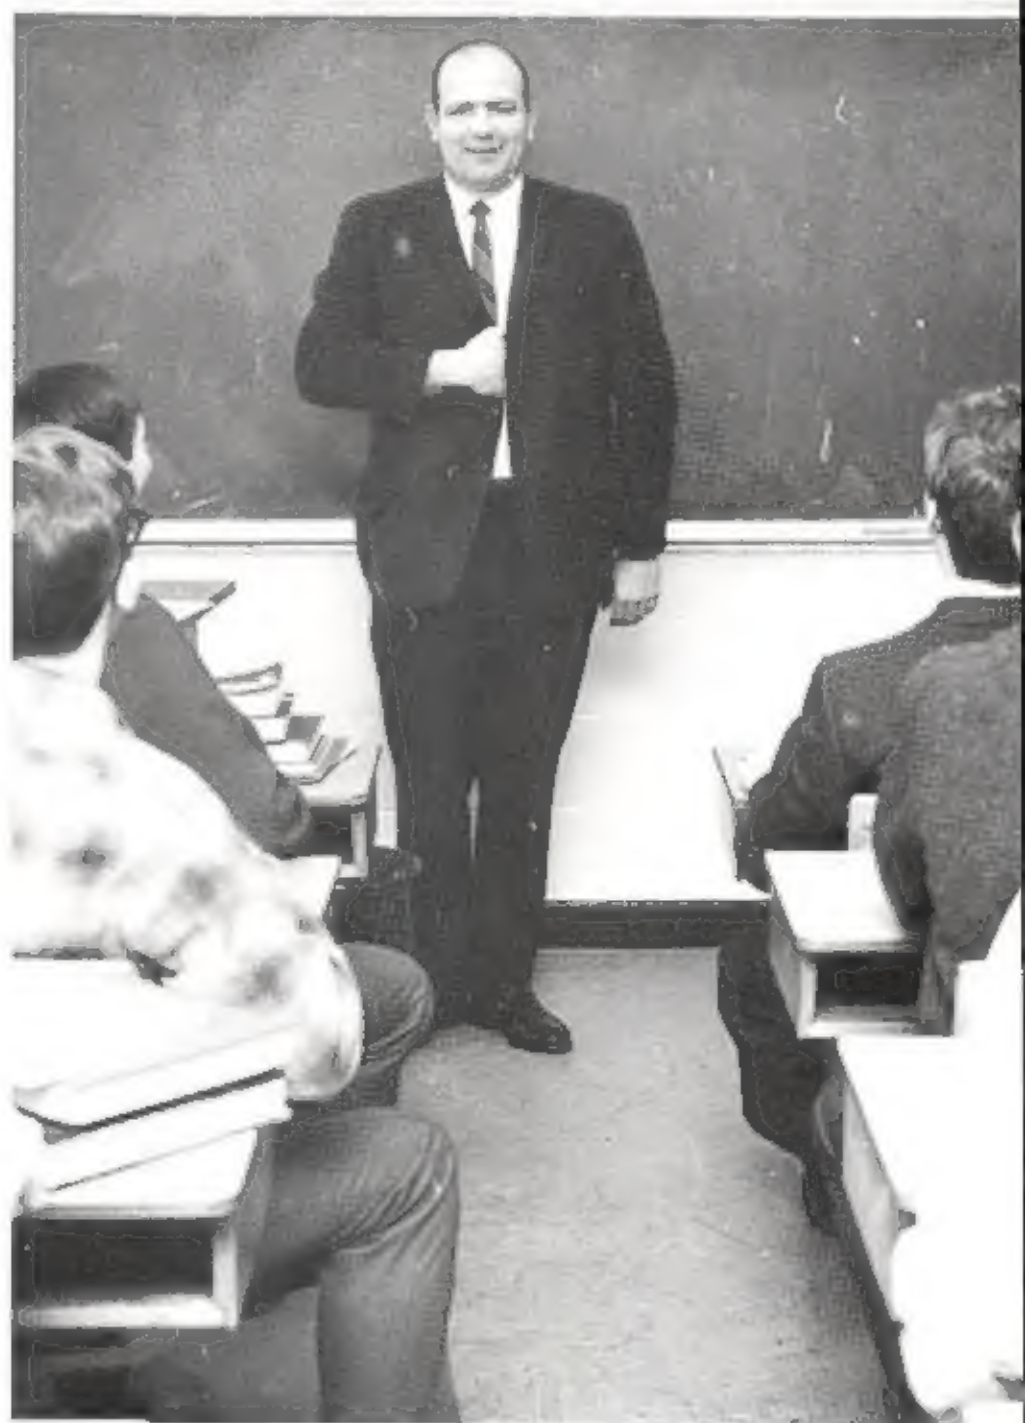

The dedication page of the Benilden has always gone to a faculty member who has unsparingly devoted himself to Benilde. It has gone to men whose concern for the individual student was foremost in their minds. Mr. O'Reilly has fit this description perfectly in his seven years at Benilde.

Mr. O'Reilly has the reputation with both students and faculty as an excellent teacher who makes his class come alive. Primarily a mathematics instructor, Mr. O'Reilly has also instructed English.

But when you speak of Mr. O'Reilly you speak of a man who has spent countless hours moderating extracurricular activities at Benilde: as head football coach, and assistant coach of the wrestling, basketball, and baseball teams. These sports not only show Mr. O'Reilly's interest in Benilde but also shows he is a versatile man.

BENILDE STUDENTS DEVELOPING AND PROGRESSING ...

The development of a man is a process which involves many things. One of the most important parts of this process is a high school education and certainly there is no better place to develop than Benilde. In this modern age of ours it is more important than ever that people have the correct goals and attitude for life and this is Benilde's prime objective. At Benilde each student develops in a well rounded curriculum necessary for a good student. Every graduate of Benilde knows he has received the fundamentals for his entire life.

BENILDE STUDENTS DEVELOPING AND PROGRESSING . . .

ACADEMICS

In every great institution students are taught by very skilled and qualified teachers. Benilde certainly rates as one of the finest established schools in the state. Benilde's faculty not only assures its students academic excellence but also a well rounded program, including the teachings of Christianity. The instructors not only encourage a certain creativity in their pupils, but they also provide the essentials of a good liberal education. The well renowned character and fine reputation of its students reflect a fine background and education received in school. All this, as well as a certain inexpressible concern for one's welfare, testify to the fine teachers and administration at Benilde High School.

BENILDE'S OFFICE

The organization necessary to run Benilde efficiently is provided by Benilde's competent office staff

Brother Justin, as principal, again assured Benilde of a fine faculty with the addition of six lay teachers and two brothers. In charge of the video tape machine, Brother has recorded both individual classes and memorable events of recent Benilde history

As administrative assistant principal, Mr. William Haben has proved himself equal to the task. Though the organization of 967 schedules is quite perplexing, Mr. Haben has, to all appearances, avoided being affected by this nerve-racking job.

As both school treasurer and bookkeeper, Brother Frederick has much to do. Besides balancing the school ledger, Brother keeps track of the tri-monthly tuition payments of some 1000 Red Knights

As office secretary, Mr. Koch serves as both stenographer and receptionist. Mrs. Welch, Br. Patrick's personal secretary, also takes care of the absentee bulletin.

Brother Justin follows the progress of a history class on the video-tape machine

Mr. Haben is famous for his friendly smile and the patient attention he gives to the difficulties of scheduling Red Knights

A welcome addition to the office is Mrs. Welch who is always ready with a smile.

Able Mrs. Koch maintains order and reason in one of the busiest parts of the school

As school accountant, Brother Frederick has a tough job but is always rarin' to go

Brother William finds it takes quite a bit of reading to keep up to date

Brother Arthur spends a large amount of his time counseling students about their plans after high school

GUIDANCE OFFICE:

As the school year progresses, more and more Benilde students can be seen frequenting the Guidance Office. They may be freshmen or sophomores seeking advice about which classes to take next year, or any other of a number of problems concerning school. But the chances are that the student will be a junior or a senior. He may be doing any of a number of things, from signing up for or getting information on tests, to actually deciding upon their future. Seniors, in particular, are often here taking out information on various colleges and bringing in college forms to be filled out. Whatever the problem, however, you can be sure that help will be soon in coming. Counselors are available for any questions or problems the student might have, and Fr. Nolan is present weekly for any students that wish to see him. And of course there is Brother Arthur and Mrs. Ladd, whose friendly manner bring even more warmth to the popular "Help Room."

THE PLACE TO GO

Mrs. Ladd finds the answer to a student question right at her fingertips

Father Nolan is available for counseling students, confession or just plain chewing the fat.

YOU'RE RIGHT IT IS AN ODD QUESTION. BUT GO AHEAD ANYWAY. Brother Leo realizes that listening is an integral part of any religion class

DAMN ... OOPS Brother Jeffery knows how easily a temper can be lost in such a trying subject as religion

RELIGION

Co-chairmen of the Religion Department Brother Terence and Mr. Crowley discuss future plans for the department

Brother Albert learns that all is not lost in his religion class

WITH A CONTEMPORARY BEAT

Applying theory to reality is always a problem—especially in regard to religion. But Benilde Religion department is striving to overcome this “credibility gap.”

By establishing more personal relationships between teacher and student, problems can be discussed in a free and open manner. Through the use of more and better speakers, pupils realize that there are two sides to an issue and are then able to judge for themselves. In the marriage course offered, students are presented realistic attitudes on life and sex which do coincide with religious theory. By assigning current literature concerning ecumenism and modern life in general, the student is able to find his part in the world around him.

Catholic—Christian—religion is the basis of study at Benilde. In his social world, a teenager can soon forget all but the existential. In a manner which attracts interest and attention and stimulates thought, the Benilde Religion department has made religion one of the most provocative courses offered.

A relaxed atmosphere, a friendly smile, an able and willing teacher these are some of the many advantages one will find in Brother Disma's religion class

SO WHAT IF I DO USE CREST TOOTHPASTE? jokes Mr. Weiss

THEN PROVE IT! Mr. Weiss challenges one of his students to support his statement

The ability to express oneself clearly is a crucial goal in today's progressive society. No student can consider his education complete without a proper knowledge and understanding of English. The Benilde English Department stresses self-expression in all phases of its activities, realizing that an individual who can communicate well with others stands a great chance of being successful in any field he chooses to enter.

Through the study of literature, students learn to understand others and what they are trying to say. Essay and discussion encourage the individual to put forth and substantiate his own ideas. And the use of grammar ties these various aspects together.

Activities based on English, such as the drama club and debate, also contribute to the formation of the well-rounded student. As a result of their training in English, students are more able to "branch-out" their education, which in turn leads to a much fuller and more rewarding life.

GROWING SCIENCES

The three sciences: biology, chemistry, and physics, deal with the world in which we live. Each course covers a specific part of this world, and each is an integral part of the other. The Science Department at Benilde feels that these courses not only prepare the student for college, but also for later life and the challenges it brings.

The Advanced Placement Biology course holds top honors in the sciences, with fifteen top seniors enrolled in the class. These students have found out that A.P. Biology, like all the other advanced placement course, demands strenuous work but offers great rewards.

The Physics course, taught by Brother Francis, is part of the senior schedule, while Chemistry is taught to the juniors by Brother Michael, and sophomore Biology by Mr. O'Hara and Mr. Jenke.

YOU MUST GRAB THE FROG AND THEN PITH. Mr. O'Hara explains the intricacies of a lab experiment. Mr. O'Hara also serves as head coach of the track and swimming teams.

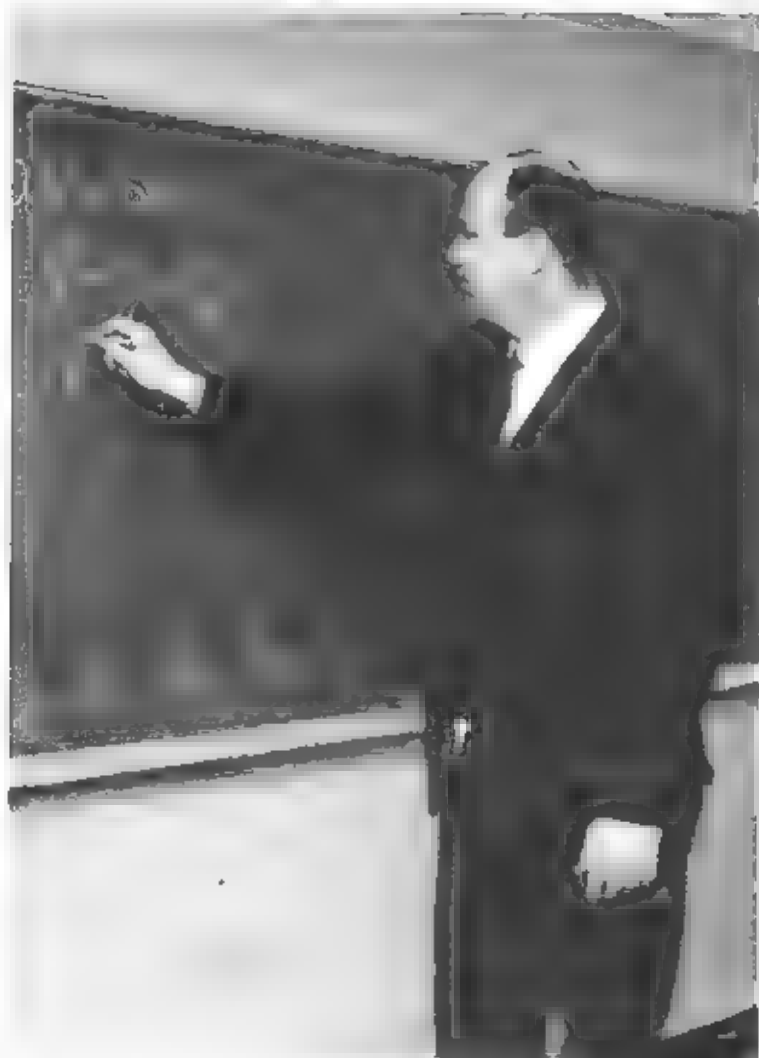

BRILEY ... SPIT OUT THAT GUM' Brother Raymond begins Calculus in the usual manner

Mathematics is considered as an excellent training ground for the mind—it requires speed and precision. Benilde's Math Department, comprised of four lay teachers and two Christian Brothers, is known as one of the best. Freshmen learn basic algebra under the guidance of Mr. Schulte and Mr. Vinger. Brother John and Mr. Patrias teach sophomores plane and solid geometry, a course which requires individual perception and imagination. Advanced algebra and trigonometry is taught by Mr. Vinger and Mr. O'Reilly to interested juniors. Seniors can take either Math Analysis, taught by Mr. Patrias and Brother Raymond, or, if they qualify, college calculus (A.P. Math), also taught by Brother Raymond.

QUALITY THROUGH TEAM-TEACHING

The success of any man usually depends on the education and training he has received. The Social Studies Department at Benilde recognizes this fact and strives to make their courses relevant to the world in which we live.

A complete range of courses are provided: Mr. St. Martin instructs freshmen in the history of our country; Brother Benedict and Mr. Layton teach their juniors the fundamentals of world cultures. For the seniors, the social studies have taken on a new look this year. Instead of one subject and one teacher all year, the program has been broken down four areas of study, each presented for a period of eight weeks: Communism, American Government, Economics, and Sociology. In addition, a Business Law course is available to seniors which includes various aspects of business law, economics and fundamental law. The class is taught by Mr. Harold Ek.

ALL RIGHT, WHO PUT THE MILK IN THIS CARTON? Mr Juranger, social department head, relaxes

The new makeup of the senior social classes gave Benilde its first experience in team-teaching. And because of the remarkable advantages offered by this program, the seniors of Benilde benefited immensely. Each teacher is an expert in his field, and is able to improve his teaching technique as the year progresses. He is able to vary his approach for different classes, and, if he chooses, he can go deeply into his subject. All the courses are interrelated—each may be applied to the other. All four of the courses are applicable to today's society. And, perhaps most important of all, they offer variety to the lucky senior.

EXPERIENCE SUPPLEMENTS LANGUAGE

German teacher Mr. Schueppe sometimes doesn't know whether to laugh or cry.

HOURS. Only a few hours separate Minneapolis from the rest of the world. Realizing the smallness of the world in relation to time, the Benilde Language Department strives to present a broad base of useful languages. The student has a choice ranging from Classical Latin to the modern languages of German, French, and Spanish.

The practical experience of the modern language teachers adds much to the courses: Brother Benedict was born in Czechoslovakia and has traveled and taught all over Europe and Asia; Brother William has spent some time in South America; and Mr. Schueppe has lived in Germany. These factors and others make the languages interesting and fruitful.

YOU KEEP ASKING FOR STUDY AIDS, SO I ACQUIRED SOME FOR THE ENTIRE CLASS. Mr. Murphy cheerfully hands out Latin study aids.

Mr Kondrak looks startled when he realizes his student is supposedly speaking Spanish

Brother William shows that teaching Spanish can be fun

The maintenance of Benilde rests on the broad shoulders of Brother J. Louis

One of the persons responsible for the proper functioning of Benilde is Brother J. Louis. In charge of the maintenance department, Brother is the first one to arrive in the morning—unlocking doors and turning on lights—and the last to leave at night. During the day, chores range from fixing the furnace to replacing desks and lightbulbs.

Mrs. Percival, in her fourth year at Benilde, is constantly at work, filing and completing student health forms and verifying communicable diseases. Daily she is on duty to assist anyone in need of medical attention.

As Benilde's head librarian, Brother Louis Andrew's duties are many and varied. Purchasing books, systematizing the card catalog, and repairing worn books constitute only a few of his thankless duties.

LUNCH: A MOST POPULAR TIME

Mrs. Rosenow prepares bread and butter sandwiches to serve with the lunches

Preparing meals for more than 700 students per day can present many complex problems. But the process of ordering, cooking, and serving ran smoothly again this year under the able leadership of Mrs. Marian Williams. Working with Mrs. Williams in the kitchen were Mrs. Betty Rosenow, Mrs. Florence Wilkins, and Mrs. Doris Christiansen. Students also help during their lunch periods, the money they earn being deducted from their tuition.

BENILDE STUDENTS DEVELOPING AND PROGRESSING

ACTIVITIES

The encouragement of extracurricular activities has long been a standard for judging the quality of a school. Benilde is exceeded by few in this regard, offering a wide variety of clubs to the interested student. Benilde realizes that a school, stripped of its activities, is nothing more than a cold, impersonal mass of concrete and steel. Activities foster school spirit, developing the student physically, mentally and socially. They not only offer enjoyment to the student, but they also give him a chance to put part of himself into the building of his school. Activities are what a school is known by, and remembered for. They are the school; they are Benilde.

BENILDE PLAYERS

The Benilde Players presented its first play of the season, Arthur Miller's "All My Sons," on December 9 and 10.

Joe Keller (portrayed by Greg Peterson) was the owner of a machine tool factory which made faulty parts for World War II airplanes resulting in the death of twenty-one men. He went to prison with his partner, but Joe was soon released after falsely blaming his associate for everything.

Just less than twenty-five years later, as his partner was about to leave prison, Joe's son (Mike Wanchena) was about to marry the partner's daughter Ann Dever (Ann Duffy).

Chris discovered that his father had been behind the death of all those men despite the arguments of his mother (Ann). Joe committed suicide after hearing this from son.

Mr. O'Neill along with Mr. Hiemen produced the play.

The Varsity Debaters: John Nichols and Brian Williams affirmative; and Greg Joseph and Jay Bergeron, negative, took second place in the State Catholic Debate Tournament. Their topic was "Resolved: That Congress should establish uniform regulations to control criminal investigation procedures."

On March 9, the Benilde Invitational Speech Tournament was held. During the following months Greg Joseph and John Pallanchin in original and non-original interpretation, respectively, made NFL semifinals. And Benilde's Student Congress was even more impressive. Brian Williams was elected president and best speaker, while Mark English and Jay Bergeron were elected best speakers in the House.

DASHING THROUGH THE SNOW

A new innovation was presented to the extra-curricular activities of student life. This of course was the first year of the Benilde Ski Club

In the able care of the Father's Club, the Ski Club went to: Birch Park, Trollhaugen, Hard Scrab-

ble, Val Croix, Afton Alps, along with a special overnight to Telemark. These trips gave better understanding to Benilde students and an excellent chance to ski

One bright spot in the field of this year's sports was the ever-enthusiastic cheerleaders. Led by Jack "Nose" Neveaux and a host of energetic seniors, the cheerleaders raised support at football, basketball, and wrestling events.

Few persons will forget their hard-fought game with Brady's cheerleaders, nor their bright red tuxedos at the State Basketball Tournament. And, to say the least, no one will ever forget the cheerleaders.

Mr. Glynn, as moderator of the Lancer, can often be seen pushing with the rest of the staff to meet the deadline.

The Lancer again this year matched and then surpassed its fine record of the past. Known throughout Minnesota as one of the state's most excellent and most widely read papers, the Lancer strives to inform the students of Benilde on all past, present, and future events. Under the able leadership of Editor Joe Mork, the Lancer placed much importance on its "Knight's Corner" and its "Knight of the Month." For the paper recognizes the importance of giving recognition to outstanding achievement in both scholastics and athletics. And even more emphasis is being placed on the editorial page, where students may express their opinions on almost any subject.

This year many of the difficulties which had plagued the paper previously were ironed out. One major reason for the success of the Lancer is its remarkable organization, which this year was better than ever before, a quality not found in all school papers.

Editor-in-chief Joe McKasy looks for ideas to use in the 1968 Benilden

Perhaps nothing is as important to a publication as the introduction of fresh ideas, as the Benilden learned from the addition of its many new members this year. Working hour after countless hour, these students made their yearbook come alive. They realized that each year the Benilden is completely different—since the faces in each department are different. And it is this change that makes a yearbook so memo-

rable; that makes it truly a “treasury of memories.” Our whole philosophy may be summed up as follows:

“This, like other great works, may not be entirely free from error. Time will discover its defects and experience suggest a remedy. But it is right to give it a beginning.”

A short conference in the cafeteria serves as the beginning to another school function

One of the groups that works hardest for a better Benilde is the Mother's Club. An active organization of the mothers of Benilde students, the Club feels that they can help Benilde through the various functions they sponsor. These activities can be classified into four main groups: social, educational, spiritual, and fund-raising. But whatever they may be, they are accomplished by means of organization and with fantastic enthusiasm.

These functions include: the Parents' Dance, the Fall Style Show, the luncheons, days of recollection, monthly meetings with speakers, the Student Directory, and the Christmas Bazaar.

With the feeling of satisfaction that accompanies all its activities, it is little wonder that the Mother's Club, under the able guidance of Bro. Benedict, continues to play such an important part in the development of Benilde.

As the Glee Club year draws to an end there is a continuous progression as a singing unit. The year is capped off by the Spring Concert, and the excellent crowds year after year testify to the excellence that the Glee Club attains at Spring Concert time. The Benilde Glee Club of 1967 1968 has been one of Benilde's best and has gone a long way toward establishing more tradition.

Part of the Benilde Spring Concert program demonstrated the talents of the Holy Angels and St. Margaret's Glee Clubs

The combined choruses of St. Margaret's Holy Angels, and BENILDE performed before two full capacity crowds at the annual Benilde Spring concert. The Glee Club performances have been rewarded with many requests to appear around the Twin City area.

TRADITION. The theme of the 1967-1968 Benilde Glee Club was the tradition which it has gathered over eight years. The tradition stretches from the red-tied Glee Club members in their black and white tuxes to the familiar sight of Mr. James Murphy directing. Mr. Murphy has molded the Benilde Glee Club into an organization which is recognized as one of the top glee clubs in the area.

STUDENT COUNCIL: ALIVE

The Executive Board: Jim Kodadek, Tom Horner, Steve Risch, John Nicks, Brian Williamson, Clark Liddy, Rob Bruley, Steve Carter, Bill Shields, parliamentarian, and John Pallanch.

Treasurer Rob Bruley stresses a point.

IF YOU WANT A JOB DONE, GIVE IT TO A BUSY MAN. This slogan fits the Benilde Student Council exceptionally well. Under the able guidance of Brother Albert, the new moderator, and the leadership of the Executive Board, the Council strives to benefit the student through involvement in his school and community.

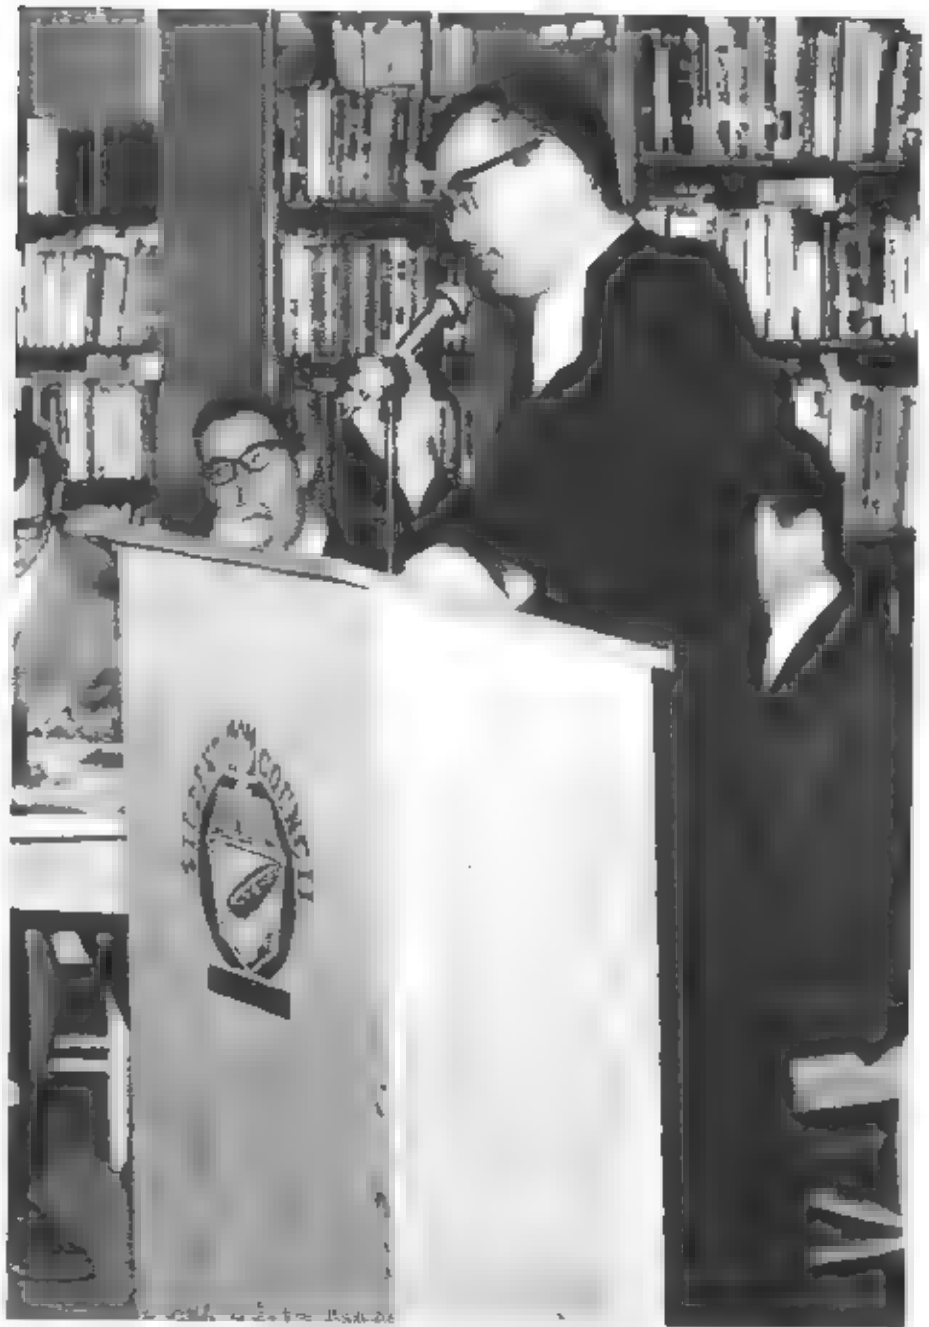

Barren of people, but yet full of life, the Student Council office stands a monument to all those who have passed through its door.

What is the Benilde Student Council? It is the bridge between faculty and student; it registers the complaints of the students, and it acts on them. Its many activities, projects, and services, too enumerable to list, give it a base from which to work. The Benilde Student Council is not merely a "thing"; it is a living, breathing entity, whose lifeblood is the support given to it by the students of Benilde.

HOMECOMING: ENCHANTMENT IN '67

Dead silence prevailed as Molly McClellan made her way behind nine hopeful queen candidates and their escorts. And then the Great Hall erupted with the enthusiastic applause of Red Knights and their dates as Barb Haymaker, from Holy Angels, was crowned Benilde Homecoming Queen of 1967.

This festive event served as the climax to long hours of preparation. On one hand, the football team

readied themselves for their all-out clash against St. Thomas; and a pre-game pep rally brought spirit to a high. On the other hand, the Student Council worked diligently on the planning of the dance and its festivities. And, as usual, they did a magnificent job, undoubtedly making this Homecoming of 1967 the most memorable of all.

One of the most enjoyable events in the homecoming celebration is the annual parade around the track. Homerooms, forced by the scheduling of the game (on Friday afternoon) to delay decorating their cars until after school, nevertheless did a magnificent job. And the queen candidates and their escorts were in fine form, as all could readily see.

BENILDE STUDENTS DEVELOPING AND PROGRESSING

UNDERCLASSMEN

Fully one-half of Benilde's student body is comprised of underclassmen. Consequently, freshmen and sophomores play a major role in building a better Benilde. This is accomplished not only in such areas as academics, but also in the numerous extracurricular activities offered to Red Knights. It is freshmen who run the coat checks and coke bars at soc hops and dances; and it is the sophomores who must prepare themselves for the upcoming year's varsity team. Underclassmen provide support at athletic events, and are definitely an integral part of Benilde, as shown by their excellent participation in spirit week and in the various intramural sports.

Sometime during this past year, the class of '69 finally realized what it meant to be an upperclassman, in terms of privileges and responsibilities.

Junior year is a difficult and trying year, and many reversals are common, as the '69 men found out. But the fulfillment is great. Socially, academically, and intellectually, junior year is a time for growth. And, as the year progressed, the class of '69 began to assume more and more of the duties of the retiring class of '68. The class ring ceremony highlighted this development—the juniors are now the leaders of Benilde.

Every new Junior Class wishes to show the entire school that they aren't quitters and this year is no exception. Now that the juniors have made it to the upper half of the school, they have advantages, not just showing off that shiny new license by occasionally driving to school but the real advantage is with the

people. Respect is a major difference between a junior and a younger student. It is this year that teachers not only recognize students by their presence at the school itself but remember juniors by their presence at Benilde's extracurriculars and in their overall attitude towards Benilde.

SOPHS. DISPLAY A VARIETY OF TALENTS

The sophomores showed considerable potential for athletic success in their future years at Benilde. With an undefeated football team and three sophomores on the varsity basketball squad the sophomores can look forward to next year. Pat Coleman (No. 30), one of the three sophomores on the varsity, exemplified the potential of the sophomore class. The potential is equally demonstrated in the leadership of the sophomores. Within the Student Council and attendance at extracurricular events, the sophomores have become a strong force in the school. If the sophomore class can continue this progress, it will prove to be one of Benilde's finest.

One of the most significant years in the life of a young person is his sophomore year. He is no longer a freshman, the underdog of Benilde, but is what you might call an upper-underclassman. For in a sophomore year a student finally becomes a true part of the moving force of Benilde, one who is called upon to make decisions and to accept responsibility. Extracurriculars become a part of his daily life, and he is able to legally attend all school soc-hops.

Specifically, the class of 1970 is perhaps the best sophomore class Benilde has had for a long time. This was shown by the coordination necessary to put on a successful skit for the entire school, by the fantastic athletic teams, and by the fine attendance at games and other school-sponsored events.

To the incoming freshman, high school seems to be not only a strange and terrifying experience—it is the end of the world. This attitude is easily seen on registration day, when the frustrated and bewildered freshman is initiated into the high school culture.

After surviving the elevator pass fad, the hallway pass fad, the hockey ticket fad, the homecoming button fad, as well as many others, the freshman gradually becomes used to Benilde. He makes many new friends, especially if he is involved in any of the school's extracurriculars. He is now on his long trek towards maturing into the full-fledged Red Knight.

With a joint effort the students of Benilde give a happy Christmas to many underprivileged children by throwing a Christmas party which includes entertainment, presents and food

INITIATED INTO OF

Every Christmas there is one tradition at Benilde which is never forgotten. It is hard to decide who gets more fun out of the Underprivileged Children's Christmas party, the Benilde students or the kids. One thing for certain is that fun for everybody dominates the party. Through donations from many of the Twin City toy manufacturers, food industries, businesses, and the help of the Benilde students always make the Christmas Party a roaring success. It's hard to find a more attentive audience for skits, song fests, and games.

BENILDE STUDENTS DEVELOPING AND PROGRESSING . . .

SPORTS

No school is complete without its share of sports to satisfy the needs of its students. Sports not only keep students' bodies fit but also allow students to grow in interdependence with their fellow classmates. All students are at Benilde to develop into manhood and this development can only be encouraged properly with the help of sports. As Plato once said: The development of the body and mind go hand in hand. This is particularly true at Benilde High School where fine athletes make fine students.

Without sports teams students would have no way of showing that the true Red Knight spirit will always win out. The spirit that is shown on battlefield is vibrated through all her students to make Benilde one of the finest high schools of all time.

THREE FOES DETERMINED

The Red Knight football team, off to a dismal start, won two of their last three games for a 3-6 overall season record. The gridmen, led by co-captains Matt Jordan and Tom Clancy, began the season losing to St. Agnes, Cretin, St. Thomas, and Rochester Lourdes, scoring only fourteen points. Brady provided Benilde with the first Knight victory, succumbing 15-13. After losing to De LaSalle, in De's homecoming, 13-0, Benilde crushed Austin Pacelli 19-7. Mike O'Leary led Hill past Benilde 48-12 at White Bear Lake. Red Knight improvement appeared in the last game of the season, at Winona Cotter. Tom Clancy's expert passing gave Benilde the initial edge of 18-6 at half time, and Bob Johnson's recovery of a fumble in the Cotter endzone cinched it, 24-18.

Capping an excellent season, Tom Clancy was named to the all-CCC football team; and Tom, Matt Jordan, and Tim Beltrand received Catholic all-state honorable mention.

Matt Jordan boots another fine punt to put the Red Knights out of hot water

Although not always winning, the Red Knights always showed the true spirit of Benilde. Winning three games this season, the Knights showed that they had the victories in them. With co-captains Tom Clancy and Matt Jordan leading the way, the team picked up speed all year until the final flourish at season's end. Able coaching united the team into a unified effort, which made all the difference, as the team played for the honor of Benilde.

The creation of a good varsity football team depends on the caliber of boys developed in earlier competition. This year Benilde is fortunate to have the finest B squad in the conference. The sophomore year in football is not only a review of knowledge learned freshman year but includes the acquirement of new techniques valuable for later varsity games. With a successful season this year, Benilde can look forward to many victories in the future.

With a 2-5 record this year, the Freshman football team did not have a lot to cheer about. However, they could take consolation in the fact that the majority of the losses were by only a touchdown or less. Most fortunately for Benilde, the team did show a large number of players with definite potential for their future years at Benilde.

GOAL

For the first time in six years, the Athletic Department initiated a new varsity sport at Benilde. The soccer squad, with an overall record of 4-1-4, battled to sole possession of second place in the Western Division of the Minnesota High School Soccer League. Coach Brother Terence credited the team's success to an "all-out hustling defense." This is reflected in the scores of the opposition. Benilde scored fifteen goals to their opponent's four. In the first game of the season, Benilde tied Minnehaha Academy, who was ranked number one in the state, 0-0. Next Benilde fought St. Thomas to a 1-1 draw on O'Shaughnessy Field. The Knights got their first victory at the expense of Kellogg, winning 2-0. The team next faced Blake, the division champions, and again tied 1-1. The succeeding game didn't end in a tie—Benilde failed to score, losing the game 1-0 to Alexander Ramsey. Following victories over Cretin, Breck, and Shattuck, the Red Knights fought to a tie with Richfield, thus ending the season on a victorious note.

Led by Captain Sandy Anderson, three Red Knights were named to the twelve-man All-Conference team: senior Jim Otto, junior Vic Marin, and sophomore Keith Kowalsky. The A-team included forwards Judd Larson, Victor Marin, Terry Kroeten, Rick Bostock, and Tim Broback; defensemen Keith Kowalsky, Paul Qualy, Mike Tobin, Bob Murphy, Keith Dixon, and Sandy Anderson; Jim Otto played goalie.

It is to the credit of Brother Terence and the fine members of the team that the Benilde Soccer Team promises to be one of the school's finest varsity sports.

CONFERENCE

The outlook was good as the Benilde basketball team rolled over Golden Valley in the opening game of the 1967-1968 season. Setting a school scoring record with 96 points, hopes were high and the Knights seemed determined to live up to their reputation.

Things went well. In conference play the team was .500—winning 5, losing 5. Non-conference play was more fruitful. Facing such formidable opponents as Rochester Lourdes, Winona Cotter, and Marinette of Wisconsin, Benilde was 5-2, for a .710 percentage.

Taking fourth in the Central Catholic Conference, the cagers were almost assured a berth in the State Tournament, since four Twin City teams were to enter. In the regional contest, Benilde was pitted against Brady for the third time. As in the two previous pairings, the Knights won handily.

Winding up the season, two senior Knights made the all-conference team. Captain Dick Wright and Tom Clancy were named to the 12-man team. Center Jim Otto was given CCC honorable mention.

'It was nothing, fellas.' Co-Captain Dick Wright is rewarded for an outstanding job

The State Catholic Basketball Tournament has traditionally been a big event at Benilde. It proved to be no exception this year.

The first game paired off Benilde and St. Cloud Cathedral. The Knight's full-court press, man-to-man defense kept the ball game close during the first half. But a quick shift in the third quarter gave the better-rated Cathedral team the edge it needed. Final score—St. Cloud 61, Benilde 49.

Next, the Red Knight cagers faced Chaska Guardian Angels who had fallen to St. Thomas the previous day. Denny Mahoney couldn't miss the hoop that afternoon shooting in 24 points. Bill Manning was close behind at 17. Benilde was playing up to par. Final score—Benilde 74, Chaska 67.

The Consolation Title was placed on the line between the Red Knights & Owatonna Marion. Captain Dick Wright pumped in 28 points, missing the school record by 2. Junior Bill Manning also tossed in 21 as Benilde ran away with the game—Benilde 74, Owatonna 62.

Mr Juvanger is caught expressing some optimistic opinions to Brother Frederick

Fun and excitement typified the first to the last of the Benilde wrestling matches. With a 12-3 record the Benilde wrestling team gave their followers plenty to cheer about. The strong-hearted and strong-mouthed supporters bellowed one superstitious "boondoggy" after another to urge their team on. This mystical word helped Benilde to a winning season.

But no boondoggies were needed when Matt Jordan wrestled. Whether Benilde won or lost, Matt always provided a victory, usually in the form of a pin.

Although falling to a 7th place in state, nothing could detract from a fine season.

'B' SQUAD ENJOYS SUCCESSFUL SEASON

If a great team indicates a great coach then Brother Leo is one of Benilde's best.

The Benilde "B" Squad swept to an undefeated season without a single threat. This excellent season could be attributed to a number of factors. First, the season was a 100% team effort. Second, their unblemished record was attained through knowledge of the basic fundamentals of wrestling. There were no fancy wrestlers but the entire team was strong on take downs and keeping the pressure on after the first take down. These generalizations were made possible by the efforts of such fine wrestlers as Ken Kowalski, Tom McConville, Bob Gleason, George Timian, Bob Schmitt, and John Vilipski, who were undefeated.

A look at the scores of the meets show how Benilde dominated the matches.

A young team with only six seniors took the ice this year facing a rebuilding year. Although having a poor record the Red Knights were in every game as shown by the close scores. 'B' SQUAD RECORDS 7-5-1 SEASON

Coaches Mr. Scaletta and Brother John instructed B squad and had winning season

Opening the puckster season with 40 players, Mr Scaletta and Brother John had to cut down to 25 players. These 25 players proved to be the right combination for a winning season of 7-5-1. This record was gained over such excellent teams as St. Agnes, St. Louis Park, Blake J.V., and Hill. Like the varsity, the B squad was plagued with losses in overtime

One of the more memorable games of the year for the Benilde B squad was the away game with Hill. It was at this game a full fledged brawl broke out with very few left not participating. The B squad did show that many individuals on the team will be a great addition to next year's varsity.

SWIM TEAM BIG SPLASH IN COMPETITION

Natly dressed Benilde coach, Mr. O'Hara reads off times to his tank men

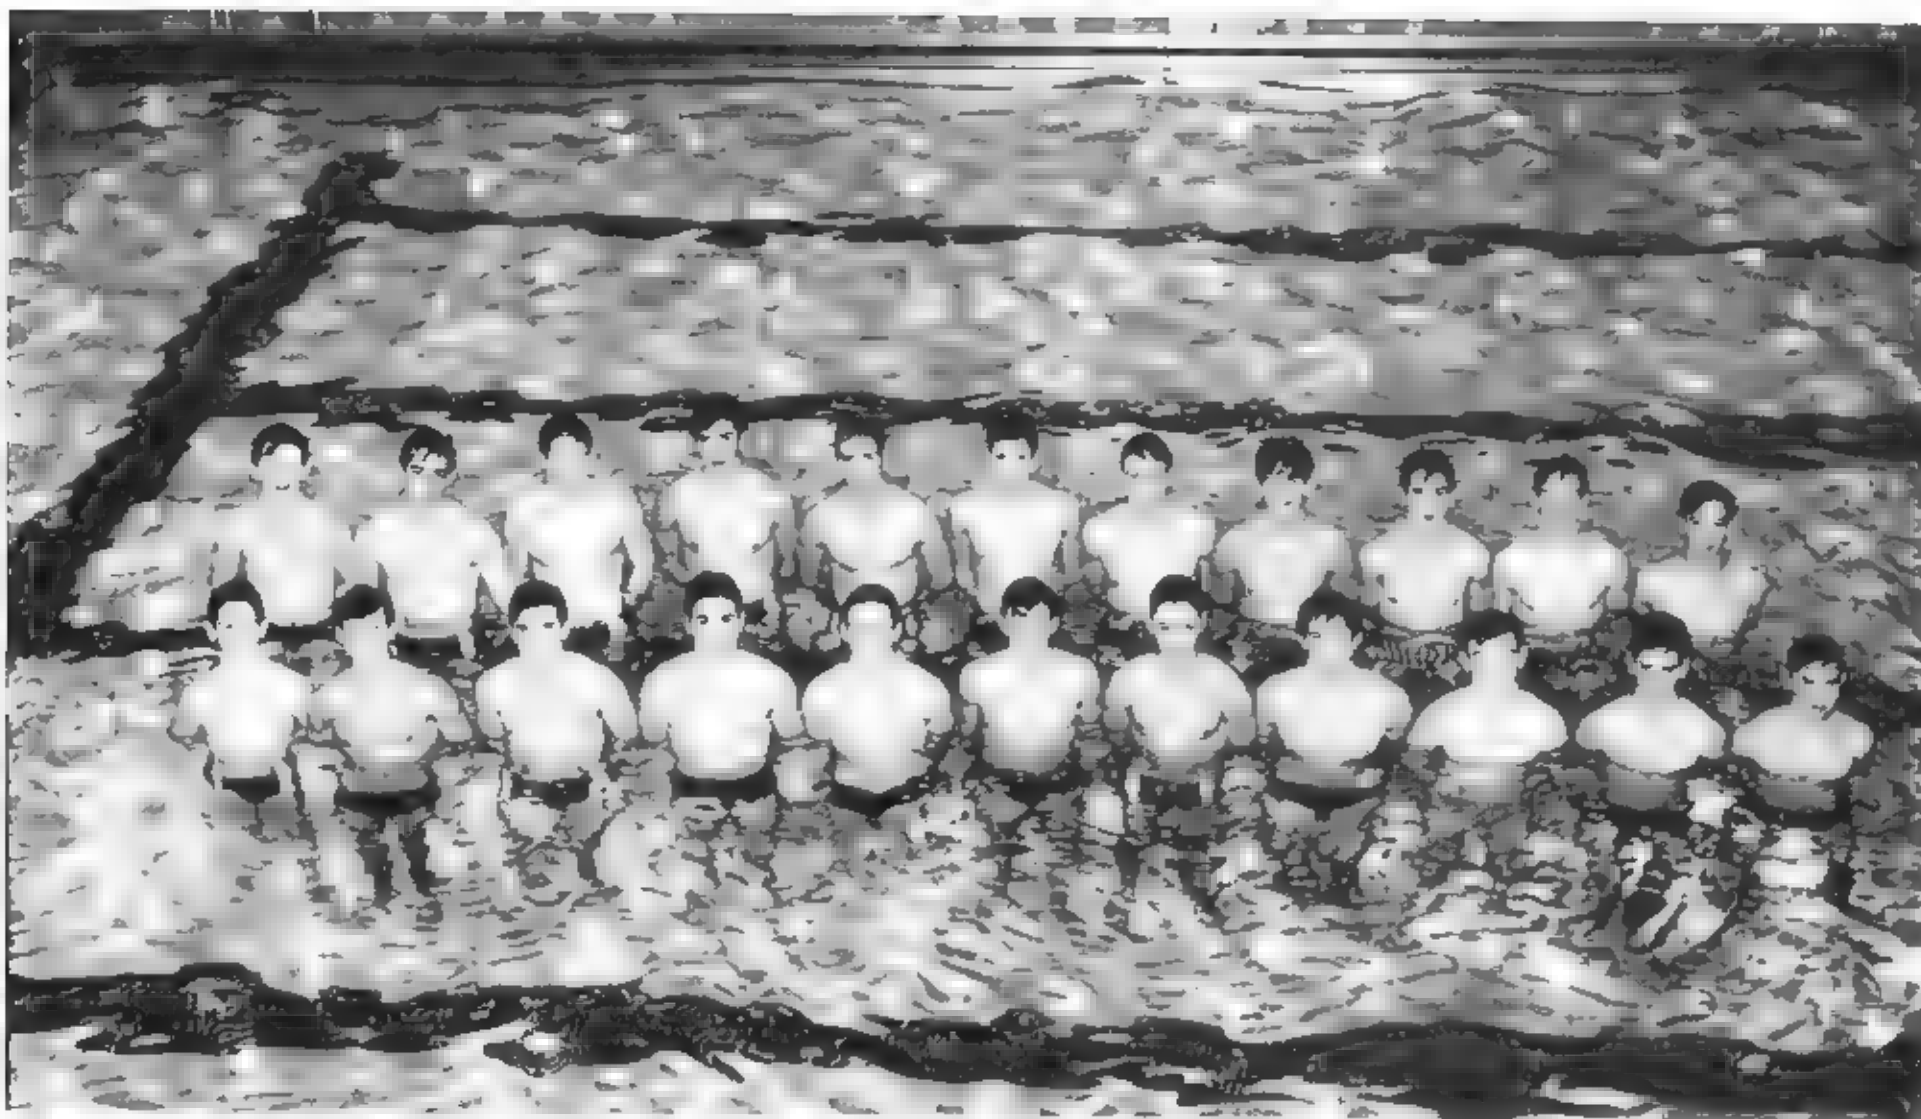

As typified by many of this year's teams, the swimming team has a strong core of underclassmen. Co-captains Steve Beisang and Kevin Regan led a squad of five seniors and 17 underclassmen to a record of 4-6 in dual meets. The season was respectable although not striking. A number of records were broken by the Benilde swimming team.

Coach Mr. O'Hara and assistant coach Brother Dismas drilled the squad at the Westwood Jr. High Pool every evening. The fruits of these sessions were seen in the efforts of Steve Stewart, most valuable swimmer, and will be even more evident with next year's squad.

Prospects for the future look bright with only five seniors graduating. Next year's team should help carry on the good reputation of Benilde's swimming teams.

SACKERS HAVE

The Red Knight baseball team finished their season with an overall 13-8, 5-6 in conference play

The non-conference season was very successful—with Benilde winning 8, losing 2, and tying one. Wins came over such teams as Lincoln, Kennedy twice, St. Louis Park, Robbinsdale, and Fridley—Benilde's average was more than eight runs per game.

The conference season proved tougher, however, as the Knights won only 45% of their games. The sackers lost a heartbreaking 4-3 decision to Cretin to end the season.

After losing the final game to Cretin—which cost the squad a berth in the State Tournament—Benilde placed five men on the All-Conference team. Knights named were: Paul Scanlon 1B, Dick Wright 2B, Jim Otto SS, Pat Scanlon 3B, and Tom Clancy Pitcher.

Benilde's track team finished another excellent season by placing second in both the CCC and the State. Winning the first four meets of the season with an average of 94.6 points, it looked like clear sailing to the CCC crown. But against Cretin, the Knights fell 62-65, leaving them in second with that one defeat.

Just prior to the State Meet in competition with top teams in both Minnesota and Wisconsin, Benilde placed 4th at St. John's and 5th in LaCrosse.

The State Tournament at Rochester, was the highlight of the season. Closely following St. Cloud Cathedral to second place, the 880 relay team set a new state record.

Co-Captain Matt Jordan set a school shot put record at 53'7 $\frac{3}{8}$ ", while Sandy Anderson set a school record in the low hurdles with 20.8 seconds.

In early season play the team defeated Burnsville (non-conference), Brady and De LaSalle. The only loss came at the hands of Hill. The remainder of the competition was less successful.

Finishing third in the Conference qualified them for State, only for Benilde to fall to sixth under dismal skies.

BENILDE STUDENTS DEVELOPING AND PROGRESSING

SENIORS

The ambition of every underclassman is to one day be a senior. A senior is important in every school not only because he is the eldest in the school but also because he has certain responsibilities as well as privileges. The Senior Class is the leader of the school and usually helps shape certain school policies. Most important a senior has respect because he is looked up to by younger students and because he is about to enter the mysterious world of college.

Every senior must now leave Benilde and put into practice the things learned by him at Benilde. "GOOD LUCK ALL YOU SENIORS FOR IT IS THE COLD WORLD YOU FACE!"

SENIOR CONTRIBUTION

THE HONOR PASS

Many seniors this year felt that an air of apathy permeated the student body. A group of concerned seniors united and presented to the faculty a list of complaints and possible solutions. It seemed most seniors resented having no more responsibility or freedom than when they were frosh. After several meetings, the honor pass resulted, allowing seniors to go outside, study privately or just relax.

SENIOR KNIGHT LIFE

When the seniors entered Benilde as freshmen, the school was notorious for its choice of bands for dances. There wasn't enough money, then. As sophomores, many showed up, thereby increasing revenue and the quality of the bands. This year the quality reached a peak, with the Grasshoppers, DelCounts, Underbeats and Defenders all playing.

TESTS AND DECISIONS

When one enters upon his senior year, the necessity of making decisions for the future becomes a reality. College, vocational training, employment or military service are only a few of the choices available to Benilde's seniors. Parents, the Guidance Department, and individual teachers aid the senior in making his decision. But the final decision rests upon his shoulders ... a step into adulthood.

At the same time a group of seniors were meeting with the faculty concerning student apathy, junior Jim Bofenkamp wrote a letter to the Lancer criticizing the seniors for poor leadership and school spirit. His letter stimulated the student-faculty committee into immediately initiating Spirit Week. This entertaining week was held just before the basketball tournament. Its successful results were weighed at the tourney.

RESULTS OF

The cold weather of this winter was warmed in March by the hot fever of "tourney time." Spirit Week had every student ready for the big week-end. The seniors led the spirit of the school by having the largest representation at all the tournament games. Benilde's cheerleaders, each dynamically dressed in a red tux, kept their lungs active throughout each game and led the students, faculty and friends of Benilde in showing appreciation for the efforts of the Red Knight team. The '68 tourney provided an enjoyable week end and a fine farewell to basketball at Benilde for seniors.

"TELL IT LIKE IT IS!"

A full and comprehensive marriage course, designed by Mr. Crowley, Co-Chairman of the Religion Department, was offered to the '68 seniors. It was taught by faculty recruited from the various departments, together with resource people, such as a nurse, doctor, divorcee, priest and assorted audio-visual materials. Topics ranging from male-female psychology, venereal disease, birth control, premarital sex to problems of living together satisfied the students needs. The frank and open way in which the material was presented allowed the seniors to hear it as it is.

BENILDE STUDENTS DEVELOPING AND PROGRESSING . . .

SPRING

There comes a time in the year when everyone yearns for the outdoors and the sunshine. This time of year is of course Spring. Spring revitalizes every living person and thing after being cooped up all winter. During this time of year a person can feel the splendid warmth of the air again. The world suddenly comes alive again with nature. The wildlife starts to repopulate the earth with the birds adding their pleasant song to the air.

The effect of all this on Benilde and its students is that of gratitude. Gratitude for the wonderful atmosphere given them and especially for their surroundings of Benilde. Of course at this time everyone is anxious to get outside and have fun but in Benilde it's a little different. That difference is the loyalty given to Benilde by its students even when it is hard, in Spring.

Ron Mann, President of Marsh Productions, takes a break between discussions.

Entertaining student delegates at the workshop, Jon Strand sings during luncheon.

WORKSHOP DRAWS STUDENT LEADERS

Brother Tereme and Keren Klucas listen to opinions of a council moderator.

Representatives from across the state listen to a speaker.

Ed Finklea, Brad Deering, Jack Neveaux, and Steve Risch wait in line for lunch. Brad's attention seems to be diverted at other things.

"Mrs. Benilde sure serves good food." A number of Benilde students invited her to come every day and try our food.

The 1968 annual Benilde Student Council Workshop again offered students from across the state an opportunity to develop their leadership potential. The workshop achieved this goal through guest speakers, discussions and display boards. The main speaker this year was Representative Frenzel, who captured his

audience with his insights into leadership behavior. The various discussions were led by professional people and outstanding youth leaders from Benilde and other schools. Although attendance was down this year, those attending left the workshop feeling well rewarded.

ideas in a seminar discussion.

Representatives from all over the state of Minnesota are greeted by Benilde students.

COUNCIL ELECTIONS

On Thursday night, April 25, the entire ordeal was begun. Between 7:30 and 9:00, two candidates were nominated for each office except Committee Coordinator and Commissioner of Student Activities—where the candidates ran unopposed. Nineteen men aimed their sights at nine executive board posts and three class presidencies—Senior, Junior, and Sophomores.

One solid week of active campaigning followed. Nominees used everything from posters, buttons, flyers, to Marches and processions. It all ended on the morning of May 3 when each candidate presented a speech to the student body. The campaign was run well by Campaign manager Bill Shields, but, like last year was low-keyed.

As the Mamas and Papas put it: "Boys and girls, have a good time together"

As the Underbeats sing "Get Ready," couples too get ready for what?

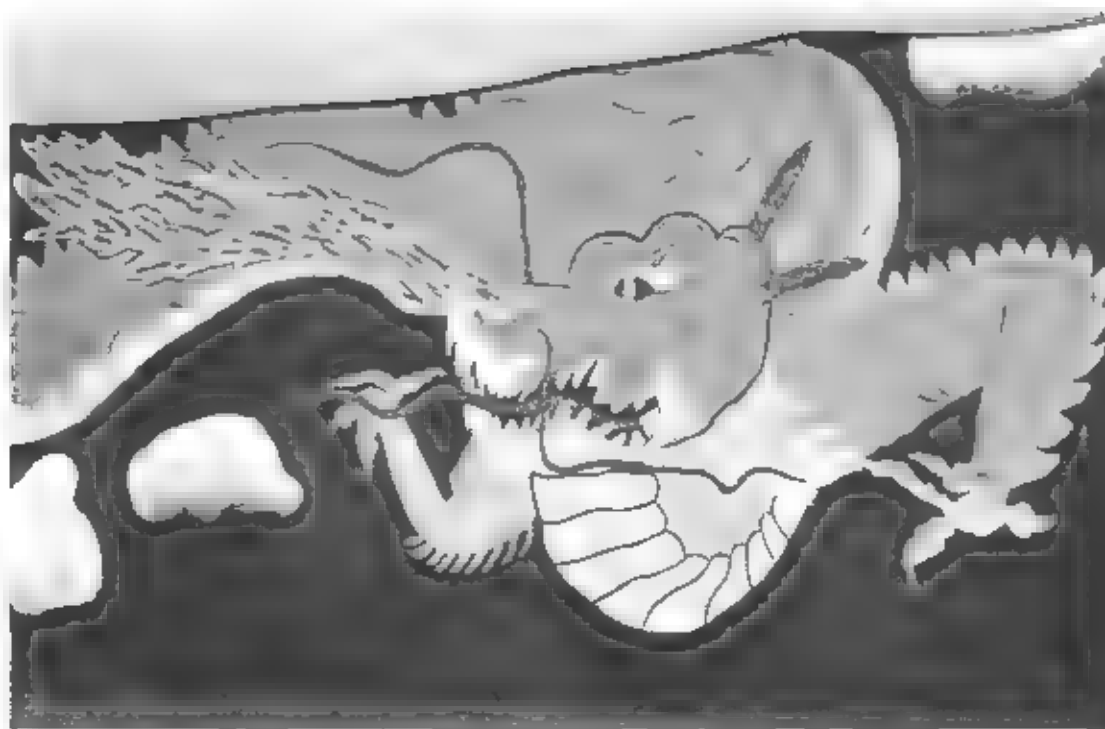

ORIENTAL THEME TRANSFORMS BENILDE

Young love blooms in the Great Hall as love must blend beautifully with the peaceful oriental setting. This truly was an evening Red Knights will never forget.

Two couples exchange pleasantries during a welcomed break.

From the theme 'Knights of Sakura' the great dragon sweep down from the sky upon the Great Hall

On May 17, the Benilde Junior-Senior Prom convened in the Great Hall to the theme of "Knights of Sakura." Two murals hung at either end of the Hall: one picturing an extremely realistic Oriental setting, complete with Buddha and Mt. Fuji, the other featuring a colorful dragon.

Music was provided by the fabulous Underbeats, who with their Temptation and Smokey Robinson renditions made the evening an overwhelming success.

'Gee, Barney, that sure is a pretty flower. Barney?'

Picturesque decorations and formal dress added color and atmosphere to the evening

Attentive couples discuss after Prom activities while relaxing for a sip of punch

MOTHERS & SONS CELEBRATE

A good view of the table manners of senior faculty

Farewell
to a
DEAN .
TEACHER . .
FRIEND . . .

After ten years, Brother J. Patrick Casey, Director and Dean of Men, is leaving Benilde to become Vocation Director. There are not enough words nor space to clearly express what Br. Patrick means to Benilde and what an empty feeling his departure leaves with us. The single most important thing to say about him is the simplest: He is a good man. He is a master teacher and a dynamic disciplinarian, but more importantly, he loves people

and he knows how to show it. Any young man can testify to Br. Patrick's ability to raise boys to men with sensitivity and reason: to discipline with sternness yet with understanding. These same characteristics were recognized by the faculty as displayed by their willingness to work together with him in the spirit of friendship. Our tribute to Br. Patrick is to say: He is a beautiful man!
